Sharing Grace

Philippians 1:7

When COVID-19 struck, isolation was traumatic for many. Many jobs disappeared; loved one's transitions from our presence; video chats, phone calls, and even online worship replaced in-person connection.

Imprisonment is another form of isolation. The apostle Paul wrote to the Philippians from prison. People that have been in prison say being isolated from the world and emotionally distanced from others is awful. How could Paul, as a prisoner, remain thankful, joyful, and hopeful? He knew God was his witness and Jesus' compassion his companion. What's more, the Philippians shared God's grace with him, held him in their hearts, and partnered with him in the gospel during his time of isolation.

Let us share God's grace to the millions in isolation. Let your light shine to those that live in the dark of loneliness, distress, and fear. When we witness and share God love, we are being a blessing in someone life.

At EL Bethel you are not just members, we are family.

A.S.K. WOMEN'S MINISTRY

By Sister Jasmine Kelly

“Empowering, Uplifting, Encouraging, History-making”
Were some of the words to describe another amazing ASK Women’s Ministry’s event featuring Dr. Grace Davis-Harris. The ASK

Women’s ministry had a wonderful time of breakfast, fellowship and team building activities.

First Lady, Dr. Marica Tipton led the group of women in ice breaker activities with a breakfast to follow. Our very own Wisconsin Northwest Jurisdiction Supervisor Dr. Grace Davis-Harris led the woman down the history of women in COGIC by proving informational teachings of women involvement in COGIC as well as historical conceptual teachings of COGIC with trivia to follow. This event was yet another successful event. There will be a part two of this event. Date and time to follow. 🍀

HONOR & ADORE MARRIAGE MINISTRY

By Dr. Nina Mack-Cain

The couples (married & engaged) had an incredible time during "Painting with Love". It was Friday date night, March 18, 2022, that the couples enjoying time with other couples. We played a story game (Left-Right, Right-Left) painted, laughed, and had a great meal.

The couples provided their wedding pictures for the event. Each picture was placed into a beautiful frame and those pictures were displayed on

every table. A special ‘thank you’ to our Pastor and First Lady, they developed and framed each couple’s picture.

Thank you to the facilitators, Sister Joy Parks, and Sister Tacarra Whiteside for an outstanding job. They were awesome, fun, and entertaining.

Lots of pictures were taken of the couples painting during that time. They painted palm trees at the beach, a hut watching the birds flying off into the sunset.

Pastor Tipton is showing off his painting. 🖼️

HEALTH TIP

By Sister Alfreda Ellis

Eating vegetables provides health benefits. People who eat more vegetables and fruits as part of an overall healthy diet are likely to have a reduced risk of some chronic diseases, such as heart disease, including heart attack and stroke and certain types of cancers. Eating foods such as vegetables that are lower in calories instead of higher-calorie food may be useful in helping to lower calorie intake. Vegetables provide nutrients vital for health and maintenance of your body, such as vitamins A and C, fiber, folate, and potassium. ~ (Information from the USD of Agriculture)
