I AM

God said unto Moses "I AM THAT I AM"

Exodus 3:14

In the midst of what is happening in our world, we are always asking God question: Are you able to see me? Are you going to help me? Do you want to know me? Will you forgive me?

The Children of Israel was given a promise of be a great Nation and having their own land, the only problem was that they were slaves. Commanded to work from Sun rise to sunset. Where is this promise God of our own land? Moses was given the assignment to free and lead them to the promise land. Moses ask God a question "who should I tell them sent me?" God respond was "I AM THAT I AM."

The meaning of I AM is that "I exist" it also suggests timelessness, self-sufficiency' and changelessness. It's unfortunate that many people don't know the I AM of God. The God that knows all of your struggles, concerns, fears, and disappointments. He willing and able to lead you out of bondage and struggle to his promise for your life.
